ALUMNI FEEDBACK ANALYSIS

In order to make the academic environment of the college more student centric, the college gathers feedback also from Alumni. The college involves the past students to come forth and share their concerns. Since the students are the fundamental stakeholders of an academic institution their experiences on Academic resources, Infrastructure, Extra-curricular activities etc. is gathered. The collected and compiled responses is in quantitative terms. The students have marked their experiences on a 5- point scale.

SUGGESTIONS AS PER TEACHERS

What other changes would you like to suggest improving the curriculum / course?

- The changes can't be done at the college level as the university decides syllabus and Board of Studies is maintained by the University
- To improve the curriculum, we need to change at University Level.
- There should be some softwares for hands on training and number of books should be increased in library. There is a need to subscribe some travel related magazines

NARENDRA NAGAR (T.G.)

- As per media industry demand curriculum/course can evolve
- Need Improvement
- Feedback from students and teachers should be taken from time to time to improve curriculum. Participation in syllabus and curriculum designing should be more decentralized.
- Revision of the BCA course structure to incorporate the emerging teaching learning pedagogies specially M-Learning and E-learning.
- Present features of curriculum be maintained for all the time to come. Innovations be encouraged and advanced strategies and provisions be incorporated as when time demands.
- Mathematics laboratory
- The syllabus of history should be selective because teacher can't complete the syllabus in time
- Syllabus should be according to Industries demand
- Activity based topics may added.

Any other suggestions

- No
- Infrastructural Facilities have to be improved
- College library and lab infrastructure needs to be improved
- At the level of department studio, classroom facility must be established to enhance professional studies.
- Fixed time for internal and external examination. Academic calendar should be well defined and in advance.
- Infrastructural augmentation immensely required for the department of computer applications. Number of prescribed books for the department of Computer applications should be increased. Inlibnet subscription.
- NA
- The environment for teaching and learning should be convenient, research based. Time should be given to work.
- Infrastructure., classroom and Research environment must be improved.
- Already best
- Practical orientation

ACTION TAKEN

All the issues have been raised to the concern authority. Action has been taken on additional classrooms and laboratories as request has been sent to RUSA. Feedback process from alumni, parents and students has been initiated from this year. WIFI has been reactivated and faculty members can make more frequent use of smart classes for video lectures and activities.
